File in: Hy-Tek / Training B-Meets_Time_Trials_101_v2017.pdf (or most recent version for current year) How to: Hy-Tek (B-Meet) B-meet_&_Time_Trial_Procedures-2017.pdf (Or most recent version for current year)

Overview

- Active Network / Hy-Tek Changes: They have <u>Discontinued</u> Support for Online Meet Entry (OME) in Team Manager
 - Active Network / Hy-Tek plans for Swim Manager
 - OME works in their new Swim Manager product
 - Swim Manager does NOT support direct entry of B-meet times
 - Swim Manager is a web-based application (no software installed on your computer....so would be a problem without an internet connection)
- Hy-Tek requires upgrade to Team Manager 8.0 (we are on 7.0) to renew Team Connect Online subscription (allows team personnel to share a team database in the cloud)
- B-Meet Operations with Hy-Tek Team Manager 7.0 (and Meet Manager 6.0 – New Software this year)

On Line Meet Entry (OME) Status

- Active Hy-Tek has discontinued OME Support for Team Manager 7.0
 - It appears it still works (in TM version 7.0e and earlier), you can set up OME, but when you go to Synch your Team Manager Software with the on-line meet entries, you will be prompted to upgrade to latest version (7.0f), prompt shown below.

| TEAM MANAGER | × |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---|
| You are not running the latest version of TEAM MANAGER. In order to ensure the integrity of the Online Meet Entry system, you must update to the latest version of TEAM MANAGER before you can perform any Online Meet Entry functions. | 8 |
| ОК | |

Once you upgrade to latest version, (TM 7.0f) the OME capability is <u>removed</u> from the TM7 software.

On Line Meet Entry (OME) Work Around

- Use Google Drive (Formerly Google Docs) to put a team sign-up spreadsheet on a team Google Drive site
 - Similar to the Swimmer eligibility spreadsheet shown later in this presentation
 - Each family/team members could indicate what events they want to swim at the upcoming B meet (by putting an "S" in the event they want to swim
- There is no direct import from this file into Team Manager
 - Someone would download the final sign up roster from Google Drive and make B-meet selections in Team Manager
- Read more about how to get started with Google Drive at https://support.google.com/drive/topic/14940?hl=en

B-Meet Goals

- A. Provide all (mostly non "A-meet") swimmers the opportunity to compete and improve their skills in a fun, competitive environment.
 - 1. Determine Eligibility for each swimmer
 - 2. Produce a time card for each swimmer/event
- B. Enter the swimmer's result in the event (time, DQ) in the **Team Manager 7.0** database after* each event
 - Coaches can then run "best times" reports to determine swimmers for next A-met
- C. Produce awards (ribbon label + ribbon = award) after* each event
 - Using League/Team rules (e.g. 1st 6th place per event or per team, competitor, heat winner, etc.)

* "After" determined by each team...it could be 10 minutes, it could be 18 hours

Automated vs. Manual Operations

- A B-meet can be run without <u>ANY</u> data automation
 - Hand written time cards and ribbon labels
 - Times entered in Team Manager after the meet
- "Big" Teams will want to do more of their processes with automation support
 - Hand writing 750-1000 time cards and ribbon labels is not my idea of "fun"...but
 - Running computer to print 12 ribbon labels is overkill
- Automation is there to make the Team's life easier
- If an <u>automated</u> process takes longer to complete a task then consider using a <u>manual process</u>
 - Which process can produce 12 ribbon labels for the 8&Under freestyle swimmers faster? How about 120?

"Big" is defined as teams with 137 or more swimmers {U.S. Code, title 10, Section 203.6 (I made this up)

Team Manager 7.0 (TM7)

- In 2013 the NVSL upgraded to Team Manager 7.0, which gave teams two important capabilities:
 - Print Time Cards (with an issue for time entry slots)

– Print Award Labels (Ribbon Backs)

- Before TM7, you needed Meet Manager to print Time Cards and Award Labels
- Teams can now do all automated functions from Team Manager, making your B-meet life easier
 - Dan Joyce will assist teams that want to do seeded Bmeets using Meet Manager (like A-meets) with those tasks, by request
 - The templates support seeding the meet, or producing psych sheets for a 90% seeding solution before the meet, allowing easier handling of deck entries.

High-level Data Flow (A-Meets)

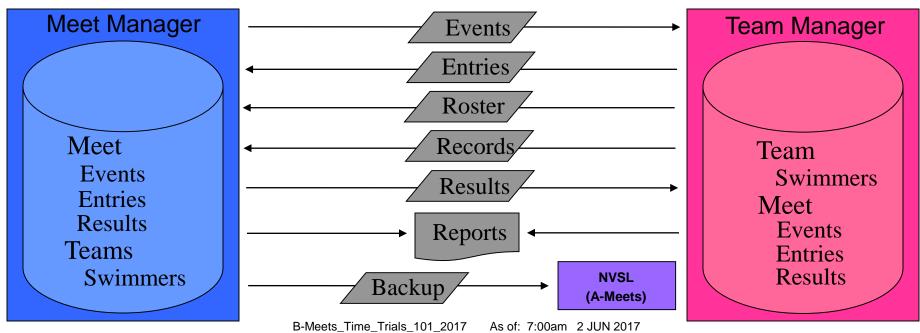

This material will be on the Final Exam

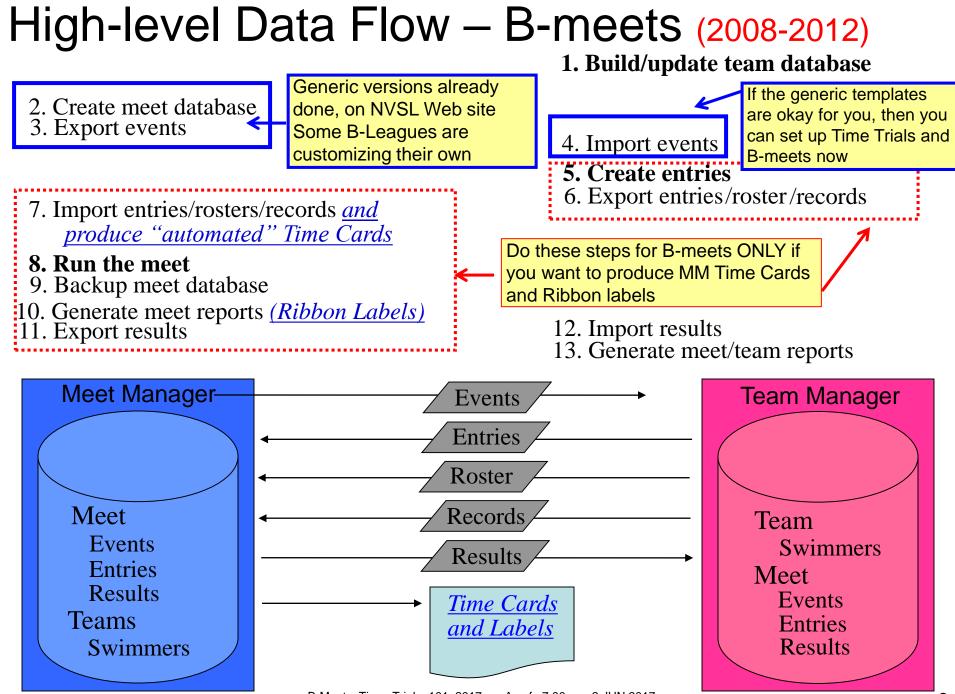

1. Build/update team database

- 2. Create meet database
- 3. Export events
- 7. Import entries/rosters/records 8. Run the meet
- 9. Backup meet database
- 10. Generate meet reports
- 11. Export results

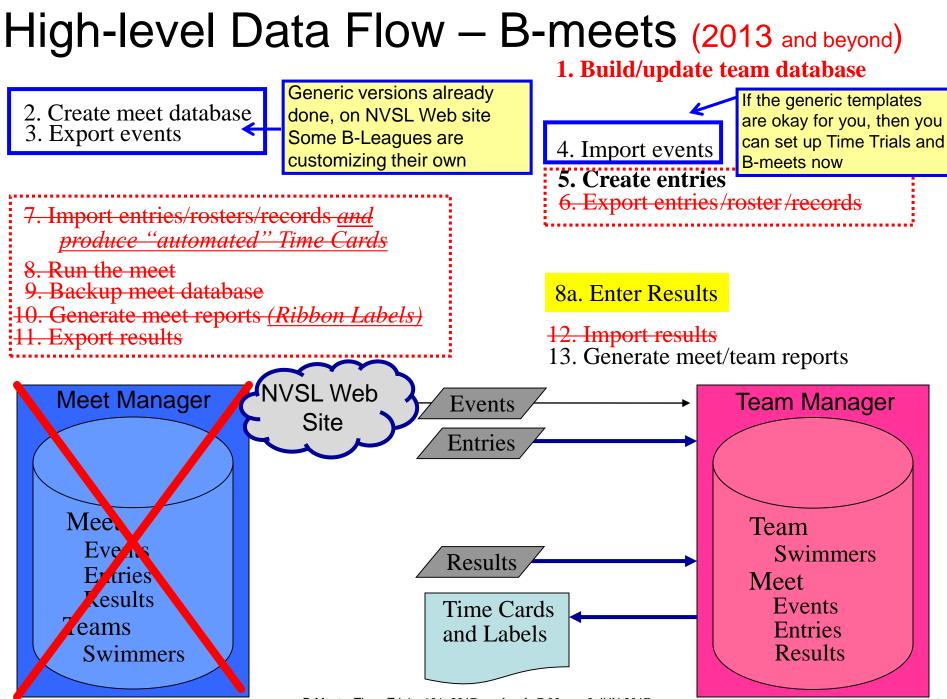

- 4. Import events
- 5. Create entries
- 6. Export entries/roster/records

12. Import results 13. Generate meet/team reports

B-Meets_Time_Trials_101_2017 As of: 7:00am 2 JUN 2017

Where Is it? How Do I Do It?

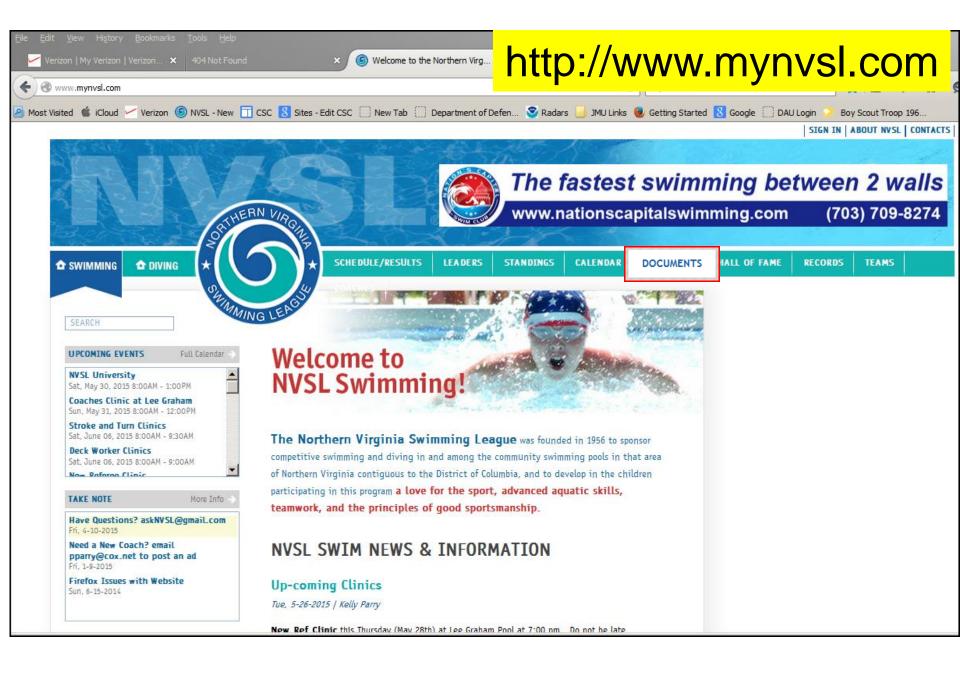

- The following slides will explain how to do the manual & automated functions for B-meets
- Resources are available on the NVSL web site

http://www.mynvsl.com (examples follow)

- This presentation has the step-by-step instructions, some additional detailed steps are covered on slides with boxes at the bottom of the screen like the examples below
 - Left (yellow) box tells you Where the resource is
 - Right (green) box tells you **How** to use it
- Remember your Book Group/College Motto:

- "It is only a lot of reading if you do it!"

A – Setup the Meet & Make Time Cards

Automation Process Overview (High Level)

- 1. Download meet event file from NVSL Web Site(s)
- 2. Import meet event file(s)
- 3. Tailor the database(s) to your meet [Change generic information to the name of your meet "CSC @ SS2" (Commonwealth @ Sully Station II) and date of meet]
- 4. Determine swimmer eligibility for events (according to the rules for your B-meet "league")
- 5. Create entries by selecting swimmers for events
- 6. Produce time cards for all entries

Step A1 – Download Meet Databases

- <u>Everyone</u> will have to import Meet Events Files in Team Manager (TM), to give your B-meets a structure of events (.ZIP files) (*Column B below*)
- The Meet Manager database (*column A below*) is shown for those advanced users who may want to tailor their own meets.
- Generic Template (Yard and Meters) have been updated for 2015 (1 Jun 15 Age Up Set, location set -- MM requires all meets to have city, state, zip, and country)
- There area also PDF documents in this folder with the listing of events for each Meet Events file (anyone can read without starting Team Manager)

If there is an event your team doesn't swim (e.g. you don't do an 8&U IM) the solution is simple: don't select any swimmers for Event 41 or 42

- Your B-meet "League" may have someone who updates Meet Event Templates for all teams, so you may not need to do this step.
- You and your B-meet "opponent" need to agree on a meet event template, then each of you can tailor it individually. You are making sure you have the same event numbering so the clerk of course, referee, and timers can have the right swimmers in the right events.
- Repeat this process for Time Trials (really a B-meet) and all B-meets.

Step A4: Swimmer Eligibility – Manual with Automation Support

- Run automated results reports / ladders for previous meet(s) from Team Manager
- Apply your league rules
 - "1st-3rd in A-meet event, can't swim that stroke in B"
- Develop Customized Eligibility/Event Sign Up Roster
- Post Roster at Pool, Coaches discuss with swimmers,
- At Last, a "Final" (*Ha!*) list of who is swimming in Monday Night events
 - In most cases, you won't have a "final" list of who will swim on Monday night until the meet is over
 - Almost all teams will need to produce hand-written time cards for those deck entries

Put your Team Roster into the Eligibility File

- 1. Open both of the Excel Files you just downloaded / created in your current meet folder
- 2. Have your Team Excel Geek help you with this if you need help:
- 3. Copy the Name, Gender, and Age data from the Team Roster (column B, C, D) and paste them into columns A,B, C in the B-meet eligibility Roster.
- 4. Put your Team name and meet number in the header (if you wish)

Determine Who is Eligible based on Last A-meet Results

- 1. From the **TM** main menu, run **Reports | Meet Reports | Meet Results.** Sort this report by Name (because that is how your signup report is sorted.
- 2. Print this report and record A-meet Results for your team, and apply your B-meet legibility Rules (have a volunteer family member read the results as you enter them in excel).
- 3. The template will put an "X" (ineligible) for any swimmer earning a 1-3 place in the A-meet
- 4. Feel free to modify the formulas in the Excel template to implement your own B-meet rules

Step A6 – Produce Time Cards (Manual Process)

- Open the Blank Time Card Template in MS Word
- Put lots of Yellow/ Chestertown Buff B-meet time card stock in your printer
- Print N pages for 6 x N cards (6 cards per page)
- Using your roster of who is swimming, HAND WRITE the following on each card
- Swimmer Name (Smith, Troy) – Gender (M)-Age (8&U)(CSC) – Team – Event Number (1) (25 Free) – Event Name – Seed time ? How to: Hy-Tek (B-Meet) File in: Hy-Tek (B-Meet)\2 cards-labels-rosters B-meet_&_Time_Trial_Procedures-2016.pdf Blank B-Meet Cards.doc

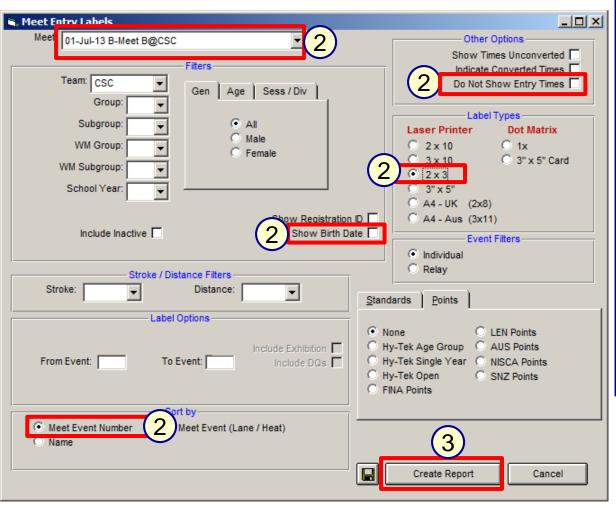

Step A6 – Produce Time Cards (Manual Process)

File in: Hy-Tek (B-Meet)\2 Cards-Labels-Rosters Blank_B-Meet_Cards.doc

How to: Self Explanatory

Automated Process: Step A6-Produce Time Cards - 1

- 1. From TM main menu select Labels | Entry Card Labels
- 2. Make the selections shown ("Show birth date" and "Do NOT show Entry times" should <u>NOT</u> be checked) [Don't you not dislike double negative questions?]
- 3. Click Create Report

(Next Slide)

Automated Process: Step A6-Produce Time Cards - 2

| Print / Export Reports | 🗵 🌮 🕅 95% | | Business Objec |
|------------------------------------------------------------------------------------------------|-------------------|-------------------|----------------|
| Print / Export Reports 4 view 5 Baker, Victoria 18 CSC FAST B-Meet B@CSC 6/25/2012 | Lane: 1:12.00S | Watkins, Lizzy 17 | .60S |
| # 48 Girls 15-18 100 IM Heat: Meinstein, Lia 16 CSC FASTB-Meet B@CSC 6/25/2012 | Lane: 1:31.915 | | |

1. On the time card print preview screen, click on the "last page" button to see how many pages you have. Write this number down.

- 2. Make sure Seed Time is on the card.
- 3. Notice the slots for entering times are missing. We are going to fix this next.
- 4. Export your time cards and save as PDF (save them in your meet events folder) You can print them later, or re-print select pages if you have a printer issue.
- 5. If you are ready now, print your time cards

(Next Slide)

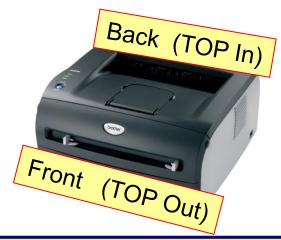

Hy-Tek Bizzaro Answer Interlude

- Note the 2 x 3 time card format (6 per page) in TM 7 is missing timer spaces (curiously, the 3" x 5" format has all the timer entry spaces)
- In 2013 Hy-Tek told me this "improvement" will have to wait until TM 8

 With shift to Swim Manager, TM8 Release now looks unlikely
- We have a solution that is still easier than Printing time cards in Meet Manager (next slide)
- Printing cards out of Meet Manger still works, many teams prefer it

| # 1 Boys 7-8 25 Free | | #1 Boys 7-8 25 Free | | | | |

| MM6 – 2x3: 6 p | per page | TM7 – 2x3: 6 | per page | TN | /I7 – 3 x 5: 3 pe | er page |

Step A6 – Record Printing Orientation for your printer

- Using a pen or pencil, mark a blank piece of paper on both sides, and place the page in the printer so the "Face Down" side is face down, and oriented so the top of page is "In" (to the back of the printer)
- 2. Print a simple line of text ("**B Meets Are Fun**!") from a word document to the printer.
- Observe the result and how the paper should be oriented for printing (in this case, Face down, Top Of Page (head) IN (toward back of printer
- 4. Record this information on a piece of paper and tape it to a prominent location on the printer.

Automated Process: Step A6-Produce Time Cards - 3

- 1. Download B-Meet_Time_Card_Timer_Entry_Template.pdf from the NVSL web site documents folder (Hy-Tek (B-Meet) / 2 Cards-Labels-Roster)
- 2. After you print your time cards, count the number of pages (example: 28 pages).
- 3. Put your printed time cards back in your printer with the printing side (down/up) and the top of page (in / out) oriented properly.
- 4. Print 28 pages B-Meet_Time_Card_Timer_Entry_Template.pdf onto your cards

Automated Process: Step A6-Produce Time Cards - 4

- You: "Whoa Dan! That looks Scary. I'm sure this will cause my computer to crash or house to burn down!"
- Me: There is a less "scary" option
 - If, after you practice this once with printer paper and
 4-5 pages of practice "time card" output, you are still worried, then
 - Follow existing procedures for printing time cards from meet manager (covered in B-meet procedures document):
 - Set up MM Database
 - You already made TM Selections (entries)
 - Export entries from TM
 - Import entries to MM
 - Print time cards from MM
- You will have to figure out how your team printer prints eventually...ribbon labels have an "up" and "down" side,

Step B – Enter Results - 1

- B-meets are not scored meets (rare exceptions)
- Table workers will collect all cards after an event, rank them by time and write order of finish on the card
- Cards are separated by team and given to team computer operator or ribbon writer(s) depending on team desires
- A data entry person will enter the results directly into team manager
- Data Entry errors more likely, double check your work
 - Often entering times in the low light or the dark
 - No one reading scores to data entry person, no one comparing printed results to time cards (like A-meet)
 - Possible result: B-swimmer with time of 53.32 entered as 35.32
 - May be seeded in lane 3 at next A meet, and will finish last

Step B – Enter Results - 2

- 1. From the Team Manager main menu select **Meets**. The Meet Browser is displayed.
- 2. Select (single click) the meet for which you will enter results.
- 3. Select Results | Results by Event
- You will get a warning box shown below. Normally, Team Manager expects results to be imported from Meet Manager. This warning is normal, click <u>Yes</u> to continue.

Step B – Enter Results - 3

- 1. Results will come to data entry person by event.
- 2. Using your mouse, navigate to the event, and enter results for swimmers in the **Final Time** column, and enter their place (as recorded on the card) in the **Final Place** column.
- 3. If they swimmer DQs, enter all time and check the DQ box.
- 4. If a swimmer in the event isn't in the list, click the show Swim-Ups (coaches might age up a younger swimmer to prepare for an upcoming A-meet swim).
- 5. When done with the event, click the next event button (or press F5)

Each team can write their own labels, but both teams can use the same template

Automated: Step C – Print Ribbon Labels - 1

- 1. When the ribbon writers get bored, they will ask data entry person to print ribbons
- 2. The data entry person should keep a checklist of events for which ribbons have been printed.
- 3. From the Team Manager Main menu, select Labels | Award Labels
- 4. On the Award Label selection screen, make sure you have the current meet, Label type (2x 10), number of places (most teams do 1-6 place) and limit to

1-6 place) and limit to those events you have printed labels for yet.

5. Click on <u>Create Report</u> (Next Slide)

Automated: Step C – Print Ribbon Labels - 2

- 1. Preview the labels, see how many pages of labels you need
- 2. <u>Best Practice</u>: Put only that number of label sheets in your printer. If you fill the entire tray with labels, you are more likely to print a report (Coach / Team rep asks for a best times / ladder report) on expensive label stock
- 3. Make sure you have the labels oriented properly for your printer (face up or down?) (Next Slide)

Additional B-Meet Resources - 1

Printing Labels with Brother HL-2070N Printer

- The printing side of a page is the side that is FACE DOWN
- The top of the printed page is the HEAD OUT

To Print a partial sheet of labels

- Say you have nine labels (in white) left on a page, and you need to print 8 labels)
- Put the sheet of labels in the printer with the labels FACE DOWN
- Top of page is HEAD OUT (nearest to the front of the printer tray)

- 1. Make a cheat sheet like this one for your printer.
- 2. Whoever is running the computer / printer will likely guess wrong.
- 3. Figure out the settings for your printer.
- 4.Once your do that, write it down and attach it to your printer.

 Hy-Tek (B-Meet)
 Folder (main folder, no sub folder).
- 2. Generic "meet sheet" for Table Workers and Announcer (left) and Ref / Starter / Stroke & Turn check-off list (right) so all are on the same page. If a S&T gets the wrong heat on the DQ slip, the wrong swimmer is DQ'd
- 3. Timer Trial Versions in the same folder.

Generic_B-Meet_Meet_Sheet_V6.Doc As of July 2, 2010

Trust me! This Stuff is Easy!

What, me worry?

- If you have general Hy-Sport question, call your Division Data Coordinator First (may be something unique to your division), 6:1 ratio of teams to data coordinators.
- 2. If the problem is unique to B-meets, call me (102:1 ratio)
- 3. If you e-mail, **ALWAYS** tell me
 - a. Your Name (hard to tell from winky-poo@hotmail.com)
 - b. Your Team Name and your role (team rep, data)
 - c. Your phone number (most problems are solved quickly in a 5 minute phone call. 2-3 days of e-mail exchange will frustrate both of us.)
