

## 2019 Rule Change

**Rule 5c (1)** After seeding, prior to the start of the meet, each team may make up to ten substitutions ~~within its own team~~ to its own firm entries without regard to previously swum times. These substitutions shall be submitted to the Table using the usual Scratch Form.

Reason – To clarify that a team may make substitutions only to its own firm entries, but not to its Bid-ins. This will also ensure that scratches to Bid-ins will be filled by the next fastest swimmer available from within the division.
