

# NVSL SafeSport Approach

## Summer 2023

# Impact of SafeSport Act on all sports with athletes who are minors

## Protecting Young Victims from Sexual Abuse and Safe Sport Authorization Act of 2017

### Limit one on one interaction

Sports organizations must establish reasonable procedures to **limit one-on-one interactions between an adult and an amateur athlete who is a minor...** without being in an observable and interruptible distance from another adult

### Abuse Prevention Training

Consistent “**abuse prevention**” training to **all adult members who are in regular contact with amateur athletes who are minors**, and subject to parental consent, to members who are minors, regarding “prevention and reporting child abuse

### Increased Standard of Care

Any organization involved in youth sports held to an increased “standard of care” regarding **reporting, training, policies and procedures, and periodic safety system reviews**

### Guidelines

- Presence of more than one adult at every activity
- Take-home/pick-up policy to prevent one-on-one situations with a child who was not picked up by parents after practice
- Define appropriate touching of a child
- Avoid socialization with participants outside of sponsored activities

**Successful SafeSport implementation will positively impact our insurance rates**
